1	<p>20 In implementing the Twelfth Plan, the recommendations made by the Expert Committees to streamline and reduce the number of Centrally Sponsored Schemes and to address Plan and non-Plan classification, would be kept in view. The Central Plan Scheme Monitoring System would be expanded to facilitate better tracking and utilisation of funds released by the Central Government.</p> <p>[Nodal Ministry/Department: Planning Commission]</p>	<p>Streamlining and reducing the number of Centrally Sponsored Schemes (CSS) is a policy issue and would be kept in view during the appraisal of new schemes proposed during the course of implementation of the XII Plan. So far as the ongoing schemes are concerned, as per the recommendations of the B.K. Chaurvedi (BKC) Committee on "Restructuring of Centrally Sponsored Schemes", a Cabinet Note on implementation of CSS has been prepared by the Planning Commission, which is at the stage on inter-Ministerial consultations.</p> <p>A national rollout of the Central Plan Scheme Monitoring System has been proposed during the 12th Five Year Plan, for which a Cabinet Note is under process.</p> <p style="text-align: right;">Work in progress</p>
2	<p>22 The Government has decided that from 2012-13 subsidies related to food and for administering the Food Security Act will be fully provided for. All other subsidies would be funded to the extent that they can be borne by the economy without any adverse implications. It would be my endeavour to restrict the expenditure on Central subsidies to under 2 per cent of GDP in 2012-13. Over the next three years, it would be further brought down to 1.75 per cent of GDP. Such a step is needed to improve the quality of public spending. Our effort now will be directed towards better targeting and leakage proof delivery of the subsidies.</p> <p>[Nodal Ministries/Departments: Department of Expenditure, Department of Fertilizers, Department of Food & Public Distribution, Ministry of Petroleum & Natural Gas]</p>	<p>The committee constituted under the chair of Sh. Vijay Kelkar to formulate the fiscal consolidation roadmap has submitted its report. The report is being considered and further appropriate actions are contemplated, based on recommendations to keep the overall subsidy outgo of Government of India to the minimum possible level.</p> <p style="text-align: right;">Work in progress</p>
3	<p>23 The recommendations of the task force headed by Shri Nandan Nilekani on IT strategy for direct transfer of subsidy have been accepted. Based on these recommendations, a mobile-based Fertiliser Management System (mFMS) has been designed to provide end-to-end information on the movement of fertilisers and subsidies, from the manufacturer to the retail level. This will be rolled out nation-wide during 2012. Direct transfer of subsidy to the retailer, and eventually to the farmer will be implemented in subsequent phases. This step will benefit 12 crore farmer families, while reducing expenditure on subsidies by curtailing misuse of fertilisers.</p> <p>[Nodal Ministry/Department: Department of Fertilizers]</p>	<p>Phase I of the mobile Fertilizers Monitoring System (m-FMS) has come into effect from 1st November, 2012. m-FMS is designed to provide information about stock position, sale and receipt of fertilizers till the last retail point. Fertilizer companies, retailers and wholesalers can update the data on mFMS portal (http://mfms.nic.in) through web or mobile application. With the help of the system, it would be possible to track movement of fertilizers from plant/port up to retailer level.</p> <p>Further, Department of Fertilizer would be doing pilots in 12 districts spread over eleven States to track the movement of fertilizers from retailer to farmer in the next Phase. In these pilot districts, part of the subsidy to manufacturers will be linked to sales of fertilizers to farmers by retailers, thereby accounting for the subsidized fertilizers from plant/port to consumers in the supply chain management of fertilizers. After successful implementation of these pilots, the next Phase, in which cash subsidy will be transferred to farmers, will commence. For this the mandatory requirement is that of an Aadhaar enabled bank account. Simultaneously,</p>

		<p>the Phase-II, on creation of a credible data base of farmers with Aadhar enabled bank accounts, would be rolled out in the whole country.</p> <p style="text-align: right;">Action completed</p>
4	<p>24 All the three public sector Oil Marketing Companies have launched LPG transparency portals to improve customer service and reduce leakage. A pilot project for selling LPG at market price and reimbursement of subsidy directly into the beneficiary's bank account is being conducted in Mysore. A similar pilot project on direct transfer of subsidy for kerosene into the bank accounts of beneficiaries has been initiated in Alwar district of Rajasthan. The Aadhaar platform has also been successfully used to validate PDS ration cards in Jharkhand.</p> <p>[Nodal Ministry/Department: Ministry of Petroleum & Natural Gas]</p>	<p>Cash transfer of subsidy has commenced in the Kotkasim tehsil of the Alwar district. A total amount of ₹ 77.26 lakh has been deposited in 13,458 bank accounts.</p> <p style="text-align: right;">Action completed</p>
5	<p>25 These pilot projects show that substantial economies in subsidy outgo can be achieved by the use of Aadhaar platform. It will be our endeavour to scale up and roll out these Aadhaar enabled payments for various government schemes in at least 50 selected districts within the next six months.</p> <p>[Nodal Ministry/Department: Planning Commission]</p>	<p>51 districts were identified initially for Aadhar enabled payment in 26 selected Government schemes, of which 8 districts in Himachal Pradesh and Gujarat were excluded due to elections for their State Assemblies. However in the remaining 43 districts, a phased Direct Benefit Transfer (DBT) rollout has been planned. DBT rollout commenced for 26 selected schemes in 20 districts on 01.01.2013. It will be rolled out in 11 more districts from 01.02.2013, and in the remaining 12 districts from 01.03.2013.</p> <p style="text-align: right;">Action completed</p>
